Institute

IILM University, Greater Noida, U.P.

Programme

B.Tech CSE, Batch 2025–2029

Internship Domain

Web Development

Duration

10 July 2026-10 August 2026

About the Virtual Internship Program

Course Joiner — a Delhi-based ed-tech platform that provides students with access to paid online courses for free (including content from Udemy, Coursera, and Google) alongside its own internship and workshop programs. This Virtual Internship Program delivered a beginner-friendly, step-by-step curriculum for the Web Development track, combining short lessons with hands-on practice every week.

Beginner-Friendly Curriculum

Building a Strong, Beginner-Friendly Foundation

This internship focused on building a strong, beginner-friendly foundation in web development — starting from the basics of how a webpage is built, all the way to putting together a simple, complete website of my own, through a step-by-step, week-wise curriculum combining short lessons with hands-on practice and small tasks after every topic.

The program followed a simple, step-by-step workflow across the weeks:

Structure (HTML)

Style (CSS)

Interact (JavaScript)

Publish (Git & Pages)

What the Internship Set Out to Achieve

HTML Structure

Learn how webpages are structured using HTML — headings, paragraphs, images, links, and lists.

CSS Styling

Learn how to style webpages and make them look neat using CSS — colors, fonts, spacing, and layout.

Responsive Basics

Learn the basics of making a webpage responsive so it works on both mobile and desktop.

Interactive JavaScript

Learn simple JavaScript to make a webpage interactive and respond to user actions.

Git & GitHub

Practice using Git and GitHub to save and share code, and build small tasks after every topic.

Final Project & Publish

Put everything together into one simple final project and publish it online with a shareable link.

The Toolkit Behind the Internship

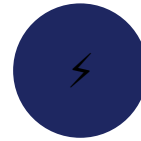

HTML5

Page structure & content

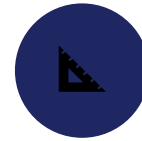

CSS3

Styling & layout

JavaScript (Basics)

Page interactivity

Flexbox

Responsive layouts

Git

Version control

GitHub

Code hosting & sharing

GitHub Pages

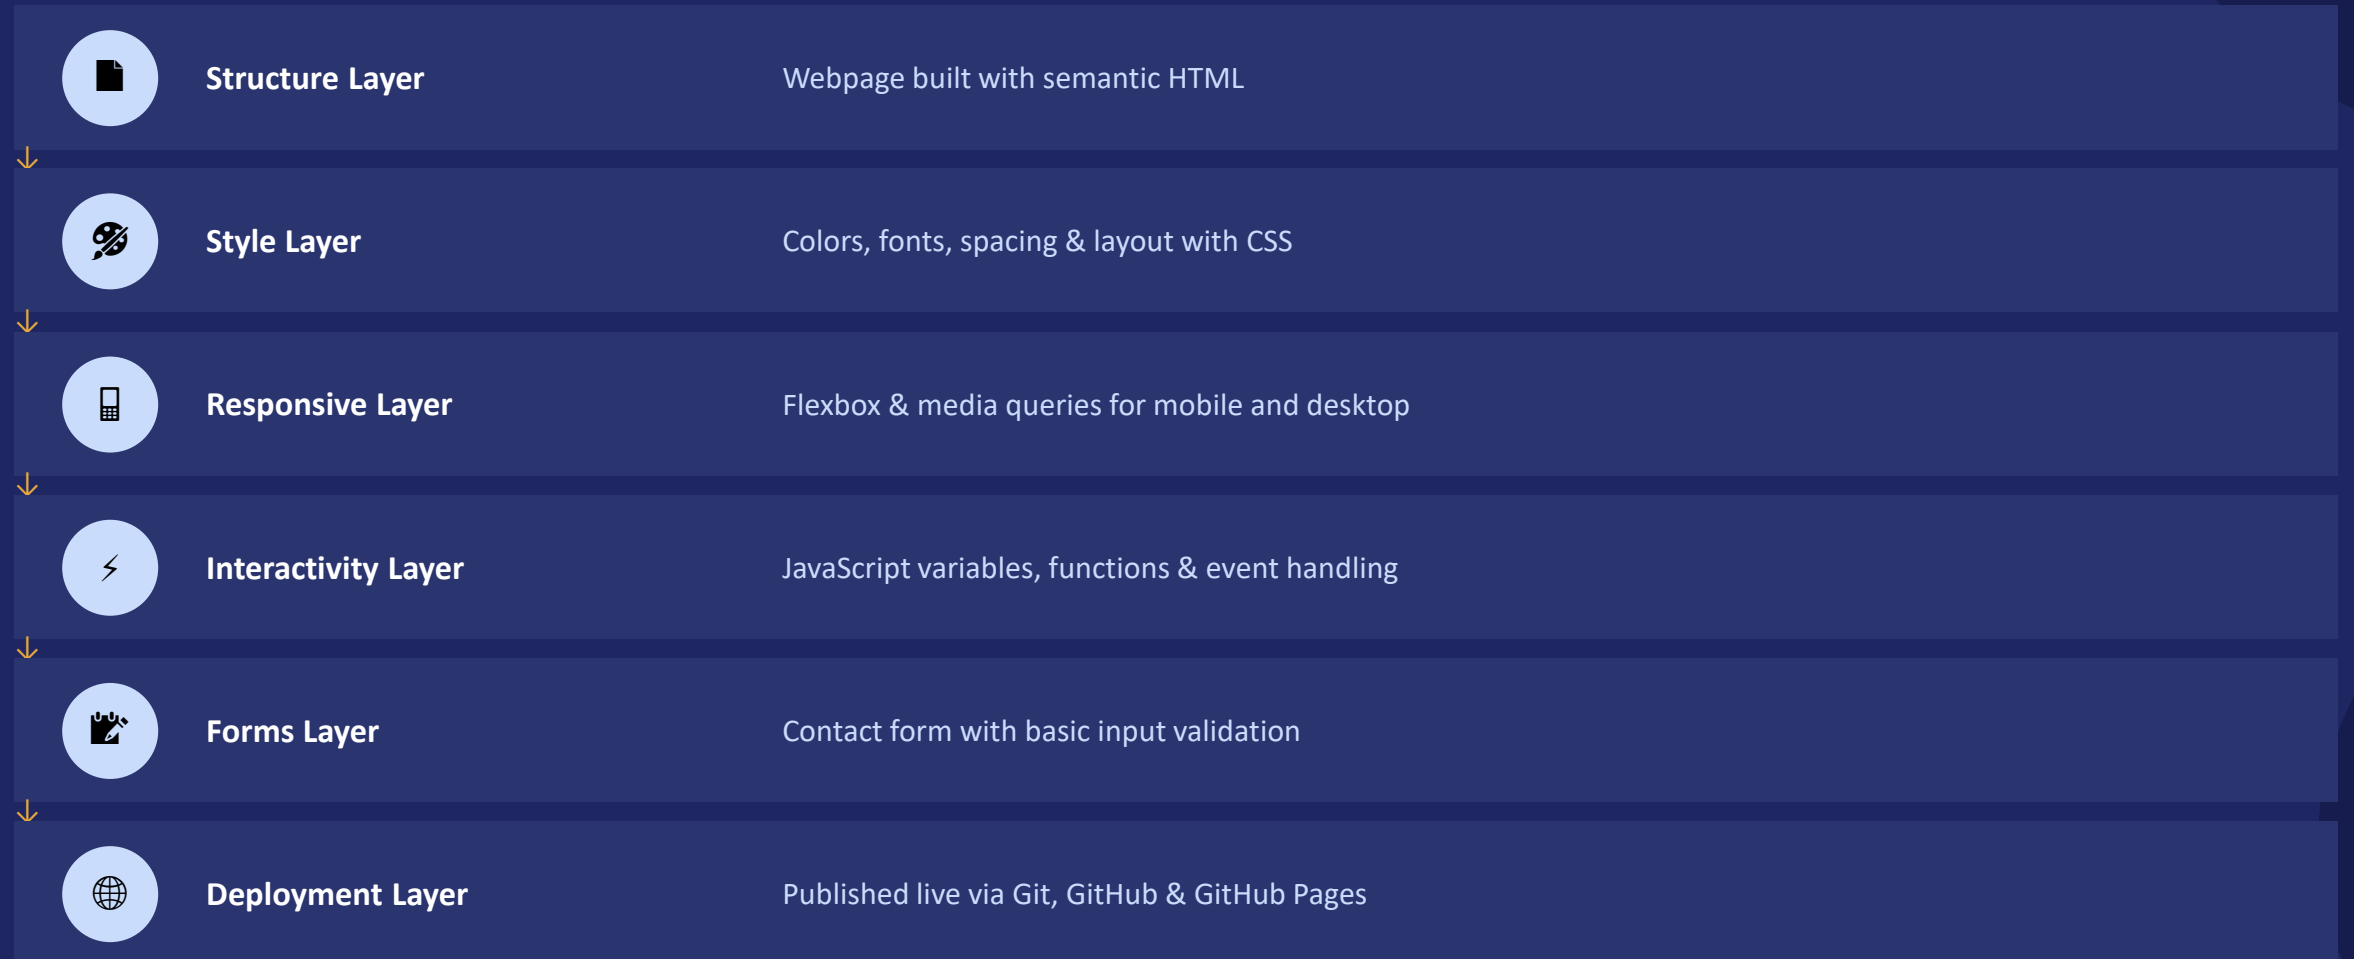

Free website hosting

VS Code

Code editor

From Markup to a Published Website

The Week-wise Learning Journey

1

WEEK

HTML Basics

Building blocks of a webpage — headings, paragraphs, images, links, lists

2

WEEK

CSS Basics

Colors, fonts, spacing & layout for the page

3

WEEK

Making Pages Responsive

Flexbox and media queries for mobile & desktop

4

WEEK

Introduction to JavaScript

Variables, simple functions & button clicks

5

WEEK

Interactive Webpages

Change text, show/hide content, a simple to-do list

6

WEEK

Working with Forms

Build a contact form & validate basic input

7

WEEK

Git, GitHub & Hosting

Save code with Git, push to GitHub, publish with GitHub Pages

8

WEEK

Final Project Week

Combine everything into one project, test it, publish online

EXPECTED OUTCOMES

Skills & Capabilities Gained

Ability to structure webpages clearly and semantically using HTML

Skill to style and lay out pages with CSS, including Flexbox for responsive design

Practical understanding of building layouts that work on both mobile and desktop

Capability to add basic interactivity with JavaScript — variables, functions & events

Hands-on experience building a contact form and validating simple input

Completed all weekly modules and tasks, and published a live personal portfolio website via GitHub Pages

CERTIFICATION

Successfully Completed

Certificate Title

Certificate of Virtual Internship – Web Development

Issued By

Course Joiner

Internship Domain

Web Development

Duration

10 July - 10 August 2026

CERTIFICATE FOR INTERNSHIP

TO WHOMSOEVER IT MAY CONCERN

This is to certify that Mr Sahil Rajput student of IILM UNIVERSITY has successfully completed 30 Days (from 10 July 2026 - 10 Aug 2026) Internship program at Course Joiner.

During the internship, Mr Sahil Rajput has closely worked as a part of the Web Development Team. He demonstrated good coding skills and strategy with a self-motivated attitude to learn new things.

We wish him all the best for his future endeavours.
